

MARCH MADNESS 4 FINANCING PROMOTIONS!

Approved customers can utilize any financing options below through LeasePoint if customer pricing does not go below the amounts noted in the pricing chart with **no commission impact** for the blind discount.

12 Months @ 0% Interest

For monthly payment, simply divide the invoice by 12. This is a winning play **for cash buyers**. A 0% interest option is a "buzz-generator" and removes any objection to rate.

36 Months @ 5.95% APR

Provides a cash-flow solution to fund the device purchase. **Below-market rates** will discourage rate shopping and shorten the sales cycle.

60 Months @ 6.95% APR

A full-term option at **below-market rates** eliminates rate objections to easily close more deals.

90 Days – Same As Cash

This gives clients peace of mind and the ability to shop for lower rates after closing. It also allows cash buyers time to move money around while closing the deal sooner, **as the invoice is funded immediately**. Customers can payoff or refinance, principal only, with no interest, at any time during the promo period. This removes all objections to executing financing at the same time as the purchase agreement.
